Winter Semester 2019

Adult Sunday School

Act Two – the Future. As Christians, we know what the future holds, right? Jesus returns, and we spend eternity with Him. Got it! But what about some of those other details? For instance, there will be a period of a thousand years between His return and the final judgment. Or maybe there won't be. Or maybe that's actually going on right now. And of course, Jesus will rapture us up to heaven before the tribulation starts. Or maybe after it starts. Or maybe not at all. The temple will be rebuilt in Jerusalem. Or maybe it won't. In this 3-week class, we will look at the different big-picture perspectives of the end times and see the reasons which serious Christians give for such widely different views. The objective is not to learn one "correct" position. Rather, it is to become aware of the possible scenarios, while always trusting in both the truth of His Word and the promise of His salvation.

Yes, Your Question. Join Ravi Zacharias and associates as they take the stage to answer students' questions at several universities around the country.

The Easter Experience. This 6-week rightnowmedia series, taught by Kyle Idleman, brings the passion and resurrection of Jesus to life through dramatic storytelling and challenging teaching done in a highly cinematic style. The six topics addressed, in light of the Easter story, are: My life has a purpose; My life can change; My pain is understood; My life has a plan; I have the promise of eternal life and I have a hope that never dies. Come join us as we prepare our hearts for Easter!

Four Week Teaching Session. Topic still to be determined.
